HUBER Manhole Covers made of Stainless Steel
The best solution for any application!

- Unrivalled durability
- Absolute corrosion protection by pickling and passivation
- Permanent safety for men and environment

[Weatherproof manhole cover SD1, rectangular type](#)

Manhole cover, weatherproof, rectangular in shape, completely made of 1.4307 (AISI 304 L) stainless steel.

In accordance with DIN 1239:2018-4, suitable for use in Ex zone 1.

Manhole cover weatherproof, round type SD2

Weatherproof HUBER - stainless steel - manhole cover, round type.

Addition: with air vent, with insulation, or with air vent and insulation, with pollen filter, with fixing material and foam rubber gasket 30/5.

Application areas: well shafts, shafts at sources, steam ventilation shafts, waste water shafts, sump shafts, cover shafts, etc.

Manhole cover extra secure, square type SD3

HUBER - stainless steel - manhole cover, weatherproof, extra secure to prevent forced access, square type.
Addition: with air vent, with insulation, or with air vent and insulation, with pollen filter.

Application areas: well shafts, shafts at sources, steam ventilation shafts, waste water shafts, sump shafts, slide shafts, etc.

Manhole cover extra secure, round type SD4

HUBER - stainless steel - manhole cover, weatherproof, extra secure to prevent forced access, round type.

Addition: with air vent, with insulation, or with air vent and insulation, with pollen filter.

Application areas: well shafts, shafts at sources, steam ventilation shafts, waste water shafts, sump shafts, slide shafts etc.

Manhole cover watertight, square type SD5

HUBER - stainless steel - manhole cover, watertight up to 1m head of water, square type.

Addition: fixing material and foam rubber gasket 30/5.

Application areas: als shafts in flooded areas, such as well shafts, shafts at sources, steam ventilation shafts, waste water shafts, sump

Manhole cover watertight, round type SD6

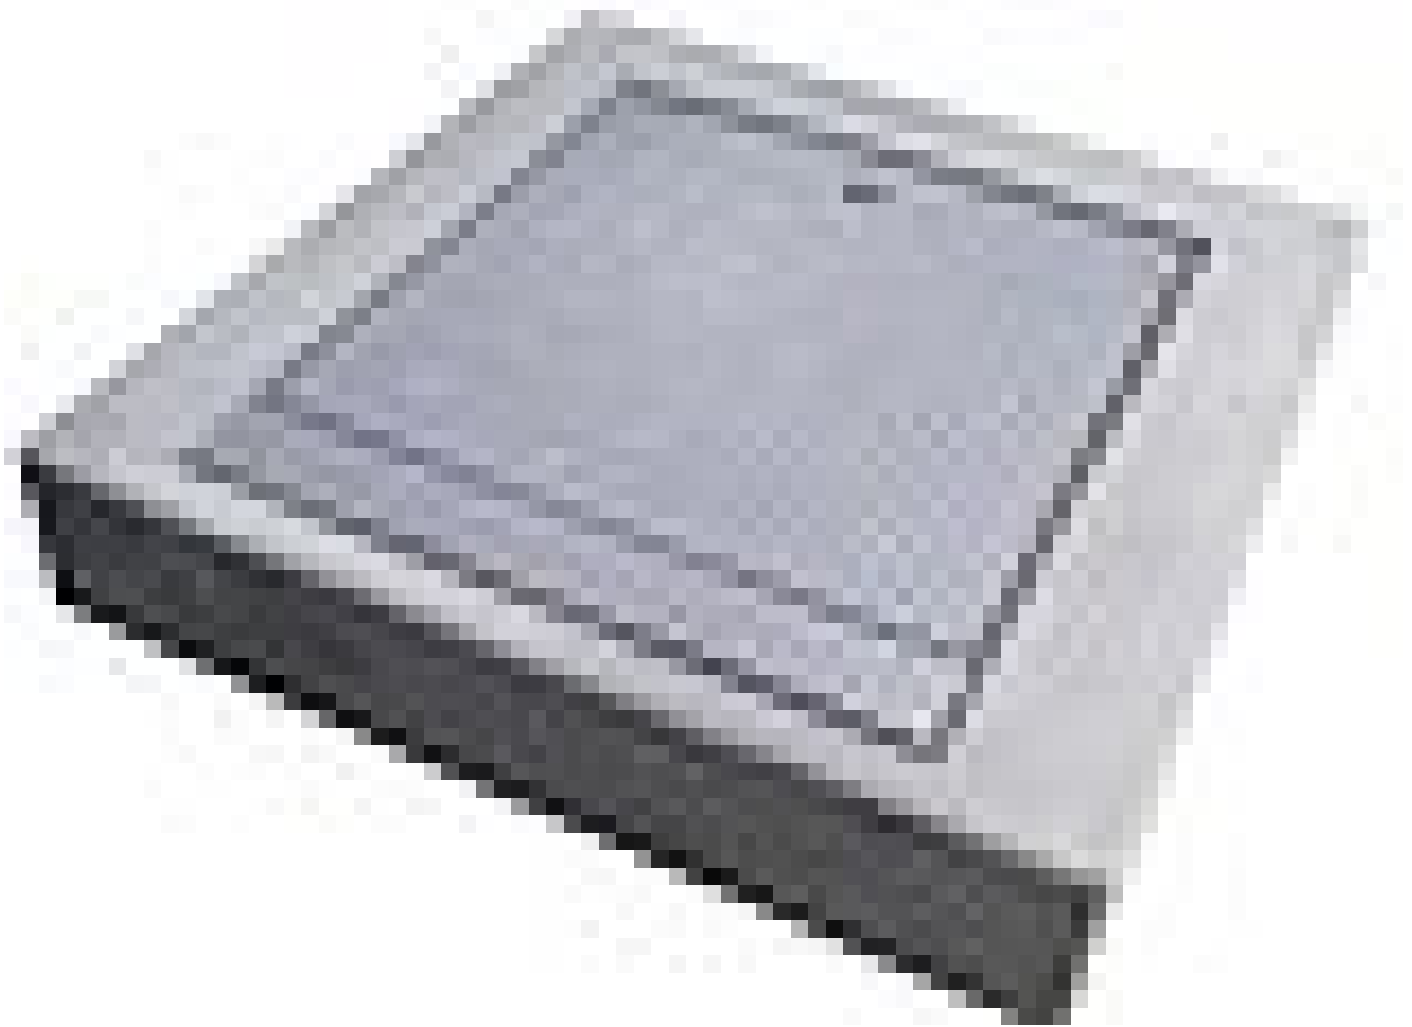

shafts, slide shafts.

Manhole cover load bearing, square type SD7

HUBER - stainless steel - manhole cover, weatherproof, load bearing up to 15 kN, up to 125 kN, up to 400 kN, certificated as burglar-proof, test load as per DIN 1229, completely made of stainless steel.

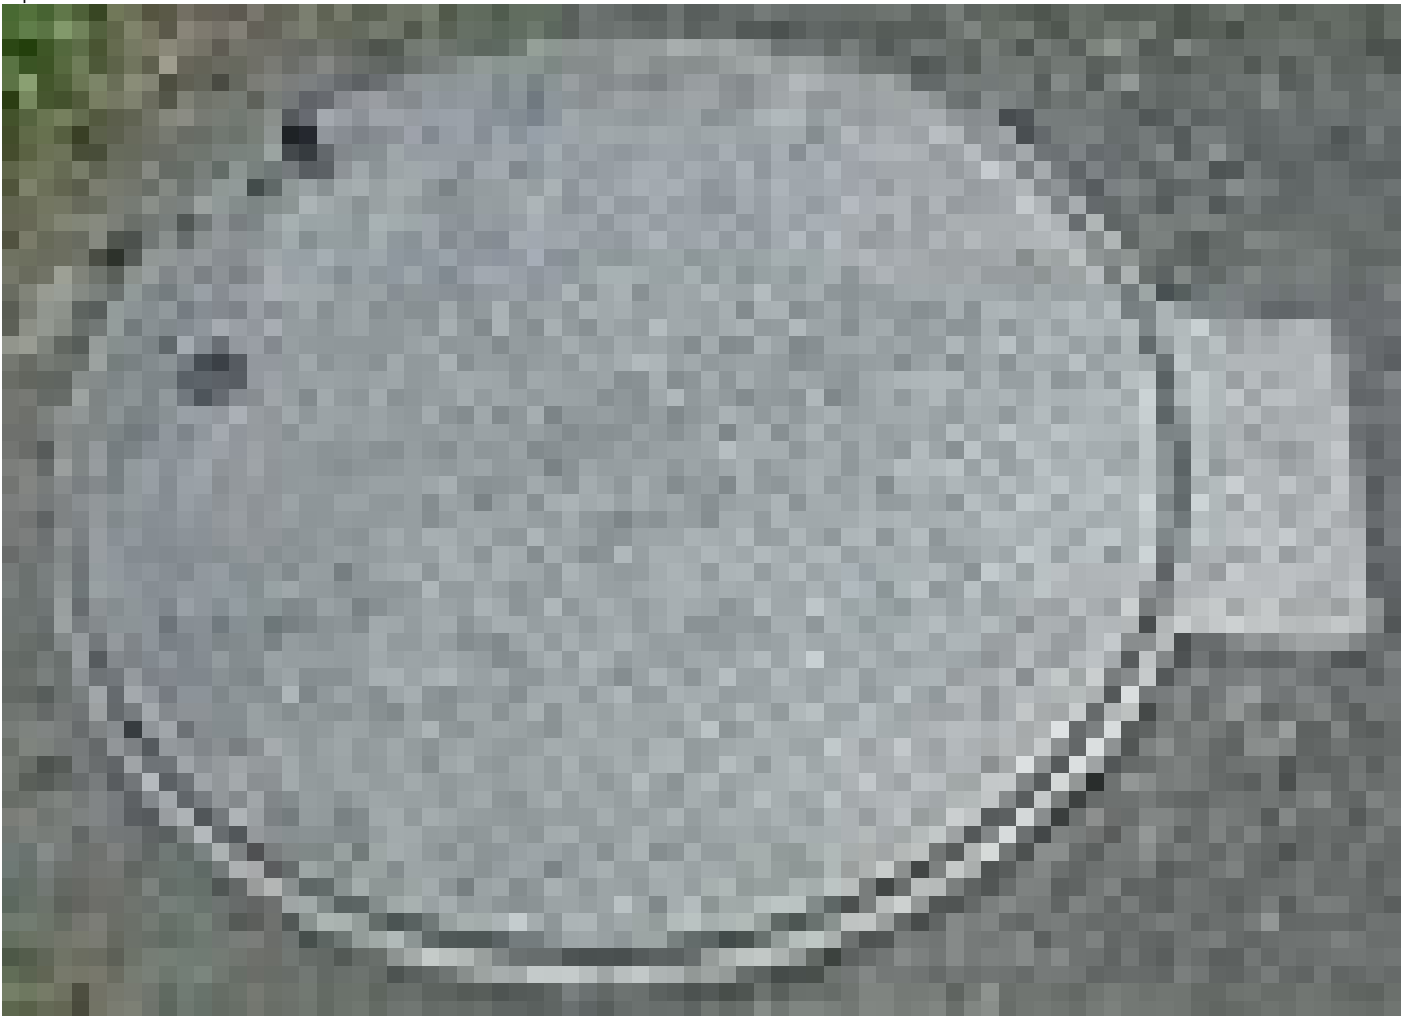

Application areas: for manholes in walking and driving areas.

Manhole cover load bearing, round type SD7.R

HUBER - stainless steel - manhole cover, weatherproof, load bearing up to 15 kN, up to 125 kN, up to 400 kN, round, certificated as burglar-proof, test load as per DIN 1229, completely made of stainless steel.

Application areas: for manholes in walking and driving areas.

Sliding hatch cover SD12

HUBER - stainless steel - sliding hatch cover.

Forms of application: stormwater holding tanks, underground container, for access to manholes. By shifting the cover there is a large

free opening so that access is also possible with ladders.

Benefits

HUBER MANHOLE COVERS - SAFETY FOR THE OPERATOR

feature	advantage	benefit
stainless steel, acid-treated in a pickling bath and passivated	long life, hygienic	cost-saving as no refurbishing is required
stormwater-tight	protection against wetness	dry manholes
stainless steel gas pressure spring	easy to open (corrosion-resistant as well)	easy to open by one person
covered hinges	prevention of unauthorised access	burglarproof
self-retracting anti-closing device	no need for manual service	protection against unintended closing
self-retracting lock	quick and easy to close	again easy to operate
protective hood of brass	prevents injuries, protects against wetness, serves as an additional safety lock	maintenance-free
cover plate with a centrally raised profile	stormwater runs off; stability	walkable; stagnant water is prevented
vapour hood	optimal manhole ventilation	dry manholes
insect filter	prevents the entrance of small animals	ventilation without any risk of pollution
foamed insulation	complete thermal insulation without any cold bridges	reduces formation of spray water
frames suitable for combination	suitable for two installation types	installation is possible prior to and after completion off the structure, wrong purchases are avoided
safety lock suitable for retrofitting	additional safety lock	to be retrofitted whenever requested
available from stock	short-term availability	short delivery times avoid site standstills

Download Documents

Here you will find extensive planning documents and customer information.

For quick and easy download, all the documents of a product are packed together into one complete ZIP file.
